I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I oppose the restrictions of medications being limited across state lines. I am finally happy & satisfied with a company that takes care of my special needs & now the government wants more regulation & control!
Hog Wash! The Women's Health Group - Madison Pharmacy in Wisconsin does an outstanding job compounding my prescriptions & they're the only ones around that make this special pill. If the regular consumer or "Mr. Joe Blow" has any say left in this country or if it's just run by a bunch of ~~greedy~~ politicians - Please don't start regulating "across state lines" prescriptions! Keep America free & keep "big regulations & such" out! There is no harm or abuse in this case at all..." Lori McDonald
